

TRAUMA CARE

in Home Share

Supporting individuals with disabilities who have experienced traumatic events

Join workshop facilitator **Marilyn Pearson** in partnership with **Community Connections** as you learn about:

- **Emotional and Psychological Trauma** - differences, causes, and more
- **Symptoms and possible effects of Emotional Trauma** - a Trauma Inventory
- **How can I, as a Caregiver, help?** Practical ideas, sharing what has worked, what is your biggest issue
- **What are my resources?** Local resources, and what else is available

Free for Community Connections' Home Share Providers. Other community members \$20 per person. Light refreshments provided.

Please mail chqs to Community Connections Support Services (275 Rutland Rd North, Kelowna, BC V1X 3B1)

Registration from 8:30-9am, workshop from 9am-12pm.

About Marilyn Pearson - Marilyn has counselled individuals, couples, parents, families and others living with children with disabilities on a wide range of issues for over 25 years as a counsellor, in the non-profit sector, for RCMP Victim Service, for BC Mental Health, and in her own private practice. Having obtained her certification from the University of Victoria, Marilyn has gone on to further education in mediation, sexual violence prevention, sexual abuse intervention, parenting, and grief, among other areas. Marilyn's work is client-centered; she believes it is the whole person, and not just one aspect of their life, that makes up a person.
